

"I heard it through the Grapevine "

The Software Center sends periodic informational messages which are intended to provide heads-up/real time information to Software Professionals throughout the Command. These "information messages" are not intended to by-pass or replace the formal communication process or to task any DCMD or CAO activity. Forwarding of this e-mail within the DCMC Software Professional community and to other interested DCMC employees is encouraged.

Your feedback is
appreciated.

The previous Grapevine (99-11; 14 Dec 99) contained an incorrect web address for Computer Based Training in item 3. The correct information is below.

3. Software Professional Development Program (SPDP):

A. Computer Based Training: The following additional courses are now available;

Data Flow Diagrams

Entity Relationship Diagrams

Data Dictionaries

(Available Soon) System Analysis Fundamentals

The SPDP CBT can be found at <http://maestro.den.disa.mil/dlactb>. Software Professionals who are enrolled in the SPDP program can perform a self registration. Additionally, in order to use the CBT, you will need to install the CBT Player file. That file is available on the software center web page under resources, Software Professional Development Program.

http://www.dcmc.hq.dla.mil/dcmc_o/ob/swctr/resource.htm

The following information is needed when loading the CBT Player:
ftp server address: **maestro.den.disa.mil**
user id: **cbtuser**
password: **cbtuser123467**

Any problems with access or loading, please contact Mark Keenan at the software Center (1-888-616-7598, ext 2)

B. Upcoming Course Offerings: The following courses are currently planned for the 2nd quarter of the FY. Attendance is based upon SPDP enrollment and completion of prerequisites including CBT and mentoring. Potential students will be contacted regarding course(s) attendance. Point of Contact is Mark Keenan (1-888-616-7598, ext 2)

24 Jan - 11 Feb 00; Software Surveillance Analysis
15Feb - 18 Feb 00; Software Surveillance Fundamentals
13Mar - 17 Mar 00; Software Surveillance Evaluation
